M.A./M.Ed. Research Supervised (75)

Ph.D. Scholars currently doing their research (08)

13. Strength (Up to 100 words)

With 43 years of teaching, research, supervision, administration and decision making experience in higher education on various capacities as Assistant, Associate and Professor in Education, I am confident enough to manage the position very effectively and efficiently. I had strength of excellent academic career with highest university degrees Doctor of Literature (D.Litt.), Doctor of Philosophy (Ph.D.), Master of Philosophy (M.Phil.), Master of Arts in Education (1st Class first Gold Medalist) and Advanced Course of Education Project Planning and Management from University of Leeds, U.K. and successfully supervised two D.Litt. eighteen Ph.D., eight M.Phil and 75 M.A/M.Ed. research scholars, those were awarded research degrees in different subjects of higher education under my supervision. I have been performing the academic responsibilities assigned by NCTE, UGC, NET, NAAC, MHRD, NCERT, NUEPA, QCI and

20

other Universities as visiting team member, assessor, adjudicator, curriculum developer, resource person, master trainer, keynote speaker, test maker, test evaluator and participants in sharing expertise in various forms during my professional career very effectively and efficiently. I was selected as a commonwealth fellow by British Council under BTCTP to the University of Leeds, U.K. in 1991 for an advance course on Education Project Planning and Management and exposed the educational functionalities to the various International organizations such as UNESCO, IIEP, OECD, World Bank at Paris, IBE at Geneva and LEA (Staffordshire, U.K.)

It is pertinent to mention as the strength of self that I was shortlisted in all India competition basis by Search cum Selection Committee, MHRD, GOI, New Delhi and appeared the interview discussion for the position of Chairman, NCTE, New Delhi, and Chairman of NCRI, Hyderabad and also faced the interview for the Director position of UGC-IUC-Teacher Education, Kakinada by the University Grants Commission. I was invited by UNESCO to attend and share views in the international conference on the powerhouses of Education: Teachers for future we want at Bangkok and Building Sustainable Learning Cities at Mexico. I was offered the positions of Dean, Faculty of Education, Jammu Central University and Officer on Special Duty of Academics of Central University of Odisha. I was shortlisted and interacted with the search cum selection committees for the position of Vice Chancellors of Odisha State Open University, Sambalpur, Sambalpur University, Odisha, Berhampur University, Odisha, Sri Jagannath Sanskrit University, Puri, Utkal University of Culture, Bhubaneswar, Utkal University, Bhubaneswar, Odisha, Central University of Jharkhand, Ranchi, M.S. Law University, Cuttack, English and Foreign Language University (EFLU), Hyderabad, NIEPA, New Delhi, Mizoram University, Aizawl and four Universities of state of Jharkhand. I am an active, energetic and enthusiastic person of vibrant leadership acumen and strong motivation towards professional ethics and excellence, who believes in deeds, devotion and dedication as work is worship and reverence. I have distinctly clear vision with strategic action plan to build positive, inclusive, innovative and responsive values of academic culture in the University for accomplishment of creative, cognitive and productive manpower of education those will be extremely useful to the society becoming catalyst to transform the system into world class in global context through missionary zeal and utmost commitment.

14. Vision for the Organization (up to 500 Words)

In view of changing global scenario, higher education is the most powerful tool to build a knowledge based society for sustainable development of the humanity. It contributes to the growth of the nation by creating specialized knowledge and producing skilled manpower for shaping tremendous technological development of a country. In this context as an apex authority of the University, my vision would be focused on executing, monitoring and activating on-going functions of the University with much confidence, competence and commitment. The inclusive and progressive approach will be initiated to spearhead the culture of professional excellence for accomplishing academic reputation, concentrating

21

talents of students and faculty, generating abundant resources, adopting favorable governance policy and performing high standard quality researches to make the University world-class.

The first priority areas would be focused to adopt outstanding strategy for quality development of teaching, research, research supervision, curriculum planning, development and transaction, publication, students support service, computerized digital library, professional skill development program, innovative research and smart instructional facility with adapting modern assessment system for excelling students' performance and accomplishing the university's vision and mission. The products of the university are to be facilitated for better livelihood in different jobs and vocations as a mandate of the employer reputation through proper placement and counseling services.

The overall attempt would be initiated to make the University world-class in the present global scenario, so that overseas and international students would not only be encouraged but also be attracted to pursue their study for better prospective of their career by enhancing and strengthening the structural and functional framework of the organization including infrastructure, man power leadership, financial and technological resources updating the retention and holding capacity of the University. Resource

mobilization would be facilitated in proper organized way by advanced technology and corporate consultancy to foster the sense of work ethics as work is worship. Reformation will be initiated to activate the process and performance of admission, examination, assessment system, curriculum development, class room transaction by strategic planning and execution. Transformation, innovation and modernization of knowledge and skill development of students, teachers and society would be ensured by setting up smart class, digital library, Wi-Fi and networking connection and positive climate building.
